- To make available to all approved Class Members the four smoking cessation services, primarily through the existing clinical health care delivery system in Louisiana
- To give Class Members available smoking cessation services they need to quit smoking and remove any challenges that would get in their way of success

WHAT WE DO

- Arrange for the highest level of smoking cessation services possible to the greatest number of Scott Class Members
- Increase the number of smokers who quit in Louisiana
- Make significant positive contributions to improving Louisiana’s smoking cessation services for Scott Class Members
